Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Friday 12 Nov 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Windy for many on Friday, rather cloudy and mild.

Today:
Friday will be a windier day with a chance of showers at times, these heaviest in the west. Some bright or sunny intervals are also possible particularly during the afternoon, staying fairly mild. Maximum temperature 13 deg C (55 deg F).

Tonight:
Remaining rather cloudy during the evening and overnight however winds will ease somewhat with clear spells developing more readily after midnight. Minimum temperature 5 deg C (41 deg F).

Saturday:
A rather cloudy start Saturday but remaining largely dry. Some brighter spells developing, especially during the afternoon. Winds mostly light to moderate and feeling mild. Maximum temperature 12 deg C (54 deg F).

Outlook for Sunday to Tuesday:
Largely dry and cloudy Sunday, with some brighter spells. A fair amount of cloud for both Monday and Tuesday, perhaps with some drizzle in places but feeling a little colder.
